Key strategies

Excellent Execution Capabilities

- Wide ranging capabilities in varied infrastructure and construction verticals.
- Successfully completed complex structures with innovative projects.
- A preferred infrastructure company.

Experienced Management Team

- Spearheaded by Mr. Pawan Yadav backed by Mr. B M Shinde and Mr. Vinod Jakhota.
- Highly experienced and qualified team to support the top management with an overall strength and vast experience

Increasing and Diversified Order Book

- Well diversified order book including Construction, Ship Building , Erection, Fabrication, Mechanical , Tank installation etc to ensure de- risking and widening the scope of our business.

Strong Financial Performance

- With new projects and states Lambodara is doing very well financially and has doubled its Turnover .
- Good Cliental and proper financial planning makes effective utilization of scarce resources..

Large fleet of Owned Machineries

- Large fleet of owned machinery providing flexibility and efficiency to execute projects.
- Allows to reduce dependence on rented machineries and increase efficiency combined with cost effectiveness and timely execution of projects.

Geographical Diversification

- Maharashtra was our focus area with majority of our projects concentrated in and around it.
- But now we have moved to other states as well and more than 50% of our work order comes from West Bengal, Andhra Pradesh Gujarat and Tamilnadu etc

Machines & Tools

▪ Owned Machinery & Equipment

- We believe that the key to timely completion and higher operating margins in the business and industry in which we operate is in our ability to own the most current machines and equipment.
- We own a number of construction related plants and equipment including hydraulic piling rigs, dumpers and trippers, excavators, cranes, single and multiple prestressing jacks, rock breakers, concrete batching plants, transit mixers, concrete pumps, air compressors, generators and trolleys.
- We have association with crusher plants in Navi Mumbai and Raigad required for quarrying and crushing granite stone to produce required sizes of rock products as per client specification whether for highway projects or other civil construction work.

▪ Owned Transport Vehicles

- We have various transportation vehicles of our own and also owned by our associate companies making easy availability of transport facilities to our clients and associates.
- We have 40 Ft Trailer, Dumpers, Trucks, Tempo – 407 etc owned by our company and associates.
